Dear Chairman DeFazio and Ranking Member Graves,

I write to request funding for the Boulder Creek Complete Streets Improvements Project in the legislation to reauthorize federal surface transportation programs. The project sponsor for this project is the Santa Cruz County Regional Transportation Commission and the project is located at State Route 9 between Mountain Street and Bear Creek Road, Boulder Creek, California 95006.

If included in this legislation, the funding will be used to rebuild sidewalks to existing standards along State Route 9 in Boulder Creek, California and to build new sidewalk segments to provide a continuous pedestrian pathway along this commercial corridor. This project is an appropriate use of taxpayer dollars because it will provide important public benefits, including improving pedestrian safety, making the community more walkable, and connecting several neighborhoods, an elementary school, and the library with the rest of the town.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your attention to my important request.

Most gratefully,

Anna G. Eshoo
Member of Congress
